

How to get a Copier

The University of Nebraska-Lincoln has established a prime vendor contract with **Konica Minolta Business Systems (KMBS)** for copiers as a result a competitive bid process. This "Cost Per Copy" program has been designed so departments no longer purchase copiers and begin a program where they only pay for copies actually made without long term contracts or leases.

PRICING:

"Cost Per Copy" pricing has been established where the customer only pays for actual copies made. Various models (with optional print, scan, fax features) are available based on departmental volumes. Pricing includes all supplies (except paper) and service. The "Cost Per Copy" program also provides automated billing, expanded warranties, dedicated "onsite" service personnel, along with ongoing unlimited support and training.

ORDERING:

Please contract Printing/Copy Services at 402-472-3211.

ADDITIONAL PROGRAM INFORMATION:

Equipment orders are covered under the terms and conditions of master agreement # 40020014 with KMBS.

Equipment will remain the responsibility of the contracting department during placement of order. Loss or damage will be covered under the University's self-insurance program. A deductible may apply.

WEBSITE: <https://www.mykmb.com> - This website allows you to place service calls, order supplies and view equipment performance.

Or, you may still phone in your service/supply request @ 800-456-5664
