

## How to Buy Furniture

The University of Nebraska-Lincoln has established the following furniture contracts as the result of a competitive solicitation.

**NOTE:** Multiple brands and vendors are represented on this contract.

### PRICING:

Pricing is based on a percentage discount from current list price for each brand.

### ORDERING:

University departments are to use this contract for furniture purchases of less than the formal bid threshold of \$75,000. If the estimated value is greater than \$75,000, the Purchasing Department shall issue a formal bid for the procurement. Should a required brand of furniture not be on this contract, contact the Buyer below and a bid will be issued to place the brand on the contract. Allow four (4) to eight (8) weeks for delivery after an order is placed.

Customers are encouraged to contact more than one contract vendor to compare product and price to determine what best meets their needs.

University Purchasing cards can be used for this contract.
